MOESTUINHANDELDING VOOR SCHOLEN  
10. Bijlagen / Zaai- en plant kalender voor oogst buiten schoolvakanties - 1.

<sup>1</sup> Houd er rekening mee dat sommige groenten voor de eerste vorst worden geoogst.

<sup>2</sup> Afhankelijk van de locatie/blootstelling van de school en van jaar tot jaar kan deze limiet vervroegd/uitgesteld worden.

<sup>3</sup> Deze periode vereist soms onderhoudswerkzaamheden (water geven, «onkruid» wieden) en soms een uitstel van de oogst.
